

# ES Tech International AB

ES Tech International AB is an independent technology-based company specializing in photochemical etching and stamping with manufacturing expertise to make thin precision details, from hard steel to soft copper-base alloys.

We offer our customers support in all steps in the development process, from producing prototypes to set up volume production. This helps ensure the right choice of process for manufacturing to ensure our customers of excellent quality and a competitive cost.

Our customers are active in a range of market sectors including space, aviation, instrument, telecommunication, medical device, optic and fine-mechanical industries.

## ES技术国际有限公司

**ES Tech**  
International AB

ES技术国际有限公司是一个具有独立技术的公司。

使用光化学蚀刻和冲压技术，我们公司生产以硬钢及软铜等合金的超薄精密配件。

在不同的制造方法中选择正确的工艺程序，确保了我们在竞争中的低成本和高质量。

在这个领域的专长，使我们有更多的机会参与原型设计和大规模的制造。

我们的客户活跃于太空，航空，仪器仪表，通讯，医疗设备，光学精密技术工程等工业领域。
